

Cornerstone redesigned for you

We've listened to practices and made significant improvements to our quality programmes. Cornerstone will become a fully flexible quality offering, giving practices the freedom to design an accreditation that best suits you. These changes will make our quality programmes more appropriate, helpful and fit-for-purpose.

You decide which quality modules best apply to your practice and patients...

Cornerstone

Earning you one of three accreditations...

Cornerstone
BRONZE

Two core modules

Cornerstone
SILVER

Two core modules plus several elective modules

Cornerstone
GOLD

Two core modules plus multiple elective modules

Foundation

Foundation will become a standalone programme which is both a PSAAP requirement and a pre-requisite for entry onto our Cornerstone programme.
